

If you could give Mount Aviat Academy \$312.00 a year without taking it from your own wallet, would you?

Does your family spend \$100.00 per week at the grocery store? Does your family put \$100.00 per week of gas in your cars? If yes, than you can give \$312.00 per year to MAA!!!

It is easy and you don't have to do anything other than buy your own groceries and put gas in your own car!

If you shop with gift cards you purchase from MAA, you can help the school raise extra money!

Mount Aviat Academy has 163 school families this year. If everyone of them used our scrip cards also known as "Knights' Cash", than we could earn our school \$50,856 this year! We could do all that without spending anything more than we already do!!!!

Try it now, it's easy!
